## FY 2007-08 General Fund Budget and Voting Limits

There are 4 categories of budget limitations. Determine the category to use by: 1) adding the district's FY2005-06 adopted budget to the total FY07 new funding components (see definition below), and 2) comparing with the FY2006-07 maximum. Then determine whether the district adopted a "disequalized" (i.e., over-Maximum) budget in any year from FY01 through FY05.
"FY07 new funding components" = general fund Quality Educator, At Risk Student, Close American Indian Achievement Gap, and Indian Education for All payments adopted by the legislature in the 2005 special session.
